<p>The data collected differs from year to year.            Numbers may not add up to the total number of responses and percentages may not total 100% because some respondents did not answer the question related to bicycle patrol.            In 1999, the survey asked three separate questions about bicycle patrol; therefore, the answers overlap.            The reporting format for BJS research changed and the reports used to compile the information in the other three sections of this summary are no longer available. The data is now housed here: <a href="https://www.icpsr.umich.edu/web/NACJD/series/92">https://www.icpsr.umich.edu/web/NACJD/series/92</a>.</p>
