Officer Jonathan Walsh was killed when his patrol car was involved in an accident with a hit-and-run driver. He was responding to a burglar alarm at the Pilcher Park Nature Center.

Officer Walsh was pronounced dead at Silver Cross Hospital. He suffered massive injuries when he collided with a Chevrolet Blazer and then crashed into an unoccupied lift crane parked on the side of Maple Road just east of Briggs Street. Police located the Blazer abandoned near McKay Street and Garland Court. Following a five hour manhunt, the driver was arrested and charged as was his spouse, for her involvement in reporting the vehicle stolen.

Officer Walsh joined the Joliet Police Department in February, 2001, and was a certified member of the Bicycle Patrol and also served on the Gang Violence Suppression Unit. He was a founder and member of the Joliet Police Department FNG Softball Team, and a member of the International Police Mountain Bike Association. He previously served for two years as an officer with the Burr Ridge Police Department. Officer Walsh is survived by his father, a retired Worth police officer, his mother and two sisters.

On August 30, 2004, Officer Fred Fanning of the Rochester (MN) Police Department lost his four-year battle with leukemia. Fred was certified as a police cyclist by Kirby Beck in May 1999, attended the IPMBA Police Cyclist Instructor Development class at the 2000 IPMBA Conference in Tucson, and received his Police Cyclist Instructor certification in June 2001.

Fred was one of the founding members of the Rochester Bike Patrol Unit, which began in 1997. He and Officer Doug Remling became interested in bike patrol, conducted research, and presented the department with the information they needed to implement the program. They found community funding to purchase the first bikes, and acted as coordinators for all aspects of the program. A strong advocate for bike patrol and training, Fred continued to instruct even after his diagnosis, assisting with his last class in May 2002.

Fred was also an advocate for blood donations, and shortly before his death suggested that a blood drive be held. According to his friend Sue Churchill, “He mentioned that he knew that this wouldn’t help him but that he wanted to do whatever it was that he could to help others in situations similar to his.” The blood drive was to be held in his honor; instead, it was held in his memory.

IPMBA extends sympathy to Fred’s family and friends and urges IPMBA members to make one of Fred’s last wishes a reality by donating blood. To learn more about blood donation opportunities, visit www.givelife.org or call 1-800-GIVE-LIFE (1-800-448-3543).

Laying on the ground near Judiciary Square with a fractured skull, broken ribs and lung damage, United States Park Police Officer William J. Grissam — a 16-year member of the Park Police — died within one hour of sustaining these injuries in a bicycling accident while on patrol. On that tragic day, March 20, 1932, 53-year-old Officer Grissam — a veteran of two American wars (The Spanish-American War and World War I) became the USPP's first officer killed in the line of duty.

Seventy-two years later, representatives of the USPP gathered with Officer Grissam's relatives at the National Law Enforcement Officers Memorial to respect, honor, and remember Officer Grissam's service and sacrifice. A USPP Honor Guard laid a wreath, and Acting USPP Chief Dwight E. Pettiford and NLEOMF Executive Director Craig W. Floyd shared brief remarks.

“A our presence here today underscores our commitment to making sure we remember the service and sacrifice of all of our fallen law enforcement heroes,” said Mr. Floyd. “Officer Grissam died almost 75 years ago, and today-thanks to the collective efforts of our research departments and diligent staff-we honor his memory, and we say thank you.”

Officer Grissam’s daughter, Marjorie Rose Grissam, and grandson, William Park Rose, attended the ceremony, along with other senior representatives from the United States Park Police.

The 15th Annual IPMBA Conference & Product Exhibition
April 21 - 23, 2005
Dear IPMBA Conference Attendee:

On behalf of the IPMBA board, staff, members, and conference attendees, I would like to extend my sincere thanks to Scottsdale Police Chief Alan Rodbell and the Scottsdale Police Department Bicycle Unit for their support. The success of the IPMBA conference is largely dependent upon the host agency, and the Scottsdale Police Department will not disappoint.

The IPMBA conference is celebrating its 15th year in Scottsdale because, after having attended 10 conferences, Officer Ron Gorski, PCI #223, decided it was time to bring the event to his adopted hometown. The city and the department quickly threw their support behind his efforts, and the rest, as they say, is history.

Of course, it takes more than just one person to make an IPMBA conference. The members of the Scottsdale Police Department Bicycle Unit have been devoting as many hours as possible to ensuring that you have a high-quality, professional training experience, but also that you have a lot of fun. Special thanks are owed to Lt. Tony Gibson, Sgt. Chris Wilson, Officers Craig Malley, Mark Johnson, Jeromie O’Meara, Darrin Hinrichs, Craig Abernethy, Chet Anderson, Jason Kibsey, John Miller, and Kevin Watts; and community liaison officer Chris Vassell of the Scottsdale PD; Officer Derek Pittman of the Tempe PD; and Sgt. David Moore of the Phoenix P.D. Most of these hard-working individuals will be wearing the traditional red polo shirt of the Command Staff, so when you see them, please be sure to tell them how much you appreciate their efforts.

Special thanks are also owed to each conference attendee, exhibitor, presenter, instructor, and guest. Without you, all of the host agency’s work would be for naught.

Over the course of the past 15 years, the IPMBA conference has earned the reputation as the “premier training event for public safety cyclists”, and we are glad you have joined us for this anniversary celebration.

We’ll see you next year, May 6-13, 2006, in Dayton, Ohio!

Don’t worry, there’s no rain in sight. This ride is entirely on roads and paved bike paths. Please sign up at the SPD Command Post in advance so we may schedule the appropriate number of guides. The ride will depart from the Bike Check area promptly at 1900 hrs. Bike head/tail lights are required.

Trolleys will stop every ½ hour at Gilligins, Martini Ranch, Billet Bar, Dos Gringos, Next, Maloneyes, ACME Bar & Grill and Axis Radius. Bring your VIP Pub Crawl Pass*, found in your Scottsdale goody bag. This pass will allow “no-cover” entry and a variety of drink and food specials at each participating club. This will be an opportunity to visit one of the hottest entertainment areas in the country. Don’t forget—the number to the SPD Command Center is on your bike tag, so you can call if you need directions or a ride. (During the above shuttle hours only please – we’d like to get some sleep, too!)

*This pass can be used for a $5.00 taxi ride between the hotel and downtown.

Friday, April 22: Competition & Dinner. The competition will be held at El Dorado Park, in the Scottsdale Greenbelt, near the area of Oak Street and Miller Roads. - **Injury Prevention through Conditioning & Stretching**

**EXHIBIT HALL**

The Exhibit Hall opening will be celebrated with a reception on Wednesday from 1800-1900 hrs. **Prize Drawings will take place in the Exhibit Hall throughout exhibit hours.** Winners will be announced and posted in the Exhibit Hall. All prizes must be claimed by Thursday, April 21, at 2000 hrs. Drawings for unclaimed prizes will be held at the post-competition dinner.

**COMPETITION!**

The annual IPMBA mountain bike competition will take place at Eldorado Park, located in Scottsdale’s beautiful “greenbelt” park system. The bike parade for all conference participants will stage outside the Chaparral Suites near the bike check at 1530 hrs and will depart promptly at 1545 hrs with a motor escort. It will follow a route of approximately 2 ½ miles, through the heart of Oldtown Scottsdale, on its way to the competition site at Eldorado Park. If you are competing and unable to depart with the parade, please plan to arrive at the competition site no later than 1615 hrs. Shuttle service will be available for stragglers. Please sign up at the Command Post in advance if you know you will need a ride. Don’t forget to wear the competition course race number that you received with your welcome packet. The competition will begin at promptly at 1645 hrs, following the course walk-through and safety briefing.

Registration forms for the competition are available at the Command Center, along with diagram of the course. Take time to look at the course and familiarize yourself with it, as pre-rides will not be permitted. This is an urban obstacle course with obstacles that you would normally encounter on regular patrol.

You may register as an individual or part of a team. If you register as an individual, you will placed on teams of four (police) or two (EMS & Security). Medals will be awarded to the top two winners in the following categories: Police Team, EMS Team, Security Team, Police Male under 30, Male 30–39, Male 40+, Female under 35, Female 35+; EMS Male, Female; Security Male, Female.

**DINNER & AWARDS CEREMONY!**

After a run at the competition course, head downtown to the Galleria Corporate Center Atrium, 4343 N. Scottsdale Road, for a taste of an Arizona-Tennessee Barbeque. The Barbeque will feature food from one of Arizona’s finest restaurants, Honey Bears. Don’t miss this opportunity to experience a taste of Honey Bears, where they guarantee they will “put a little south in your mouth.” Vans will leave every ½ hour from just outside the Command Center from 1800 to 2200hrs. The food will be available from 1900 until 2100. Following the barbeque, participants are encouraged to enjoy the nearby nightlife — don’t forget your VIP Pub Crawl Pass, which will allow “no-cover” entry and a variety of drink and food specials at each participating club. This will be a great opportunity to visit one of the hottest entertainment areas in the country.
